Jammu emerging as North India's education hub: Dr Jitendra

Excelsior Correspondent

NEW DELHI, Aug 22: Maintaining that Jammu is fast emerging as North India's education hub, Union Minister of State in PMO with Independent Charge of Science & Technology and Earth Sciences, Dr Jitendra Singh today took the critics to task for misleading the public that nothing has happened in J&K for last two years after annulling of Article 370 and converting J&K into Union Territory.

Speaking at a function to mark the five-year journey of IIM Jammu, through virtual mode, the Union Minister said that critics including some "so called intellectuals and academicians" who opt repeatedly say

that nothing has happened in last two years must analyse the progress made by IIM Jammu during this period by comparing

it with other IIMs in the country.

He also lambasted those who continue to mislead the people saying that discrimination with Jammu region still continues and asserted that Modi Government

has given equitable treatment to every region. This can be gauged from the fact that several projects in educational, health and other sectors have been set up in J&K.

Giving all credit to Prime Minister, Narendra Modi, Dr Jitendra Singh said Jammu is fast becoming pioneering education hub and this has been possible because of personal intervention and indulgence of Prime Minister and high prioritisation given by him to Jammu & Kashmir as also to Northeast and Ladakh. "But unfortunately our critics can't see the same and they continue to hoodwink the public opinion by saying nothing has happened", he added.

हिमाचल प्रदेश और पंजाब जैसे पड़ोसी राज्यों के छात्र अकादमिक अवसर और संभावनाओं की तलाश कर रहे हैं। आज जम्मू भारत के प्रमुख संस्थानों के अपने यहां होने को लेकर खुद की प्रशंसा कर सकता है। इनमें भारतीय प्रौद्योगिकी संस्थान, भारतीय जनसंचार संस्थान, एम्स, उन्नत भारतीय एकीकृत चिकित्सा संस्थान, भद्रवाह स्थित राष्ट्रीय उच्च क्षेत्र चिकित्सा संस्थान, कटुआ में औद्योगिक
